## Software proficiency:

---

Skills: C, Java, Python, JavaScript, HTML, CSS, React.js, Express.js, N8N (Basics), LLMS &RAGS (Basics), TypeScript, Tailwind CSS, Android dev.

DBMS: MySQL.

Office: MS Office.

Operating System: Windows.

## Certifications:

---

- Front end web development. [\[Click here\]](#)
- Tcs Techbytes Quiz. [\[Click here\]](#)
- Hackathon participation by hackfinity. [\[Click here\]](#)

## Achievements:

---

- Represented my college at the state level by participating in the Techbytes quiz competition conducted by TCS, competing against 30 teams.
- Participated in a hackathon event at TCE College, Gadag, delivering innovative project solutions and fostering effective collaboration within a 4-member team.
- Organized a college hackathon event attended by 400 participants, coordinating logistics, securing sponsorships, and achieving 40% increase in participant engagement compared to previous years.
- Conducted a workshop for juniors on web development basics, training 50 participants and improving foundational coding skills.
- Organized an inter-branch typing competition, attracting 60 participants and enhancing cross-branch collaboration.

## Project Profile:

---

- 1. Health care website:**(React.js, Tailwind CSS, TypeScript, Express.js) [\[Repository\]](#) [\[Link\]](#)  
Based on the codebase, **HealthBloom** is a modern telehealth platform that connects with certified doctors for instant virtual consultations, AI-powered symptom checking, and personalized wellness programs. It offers seamless appointment booking, real-time video calls with live chat support, and a comprehensive health management experience. The site emphasizes accessibility, expert care, and patient empowerment through technology-driven healthcare solutions.
- 2.Vivid commerce website:**(React.js, Tailwind CSS, TypeScript, Express.js) [\[Repository\]](#) [\[Link\]](#)  
This is a modern luxury e-commerce platform featuring a sleek "**LUXE**" branded interface. It includes secure client-side authentication (signup/login), a comprehensive product catalog with categories, subcategories, price filtering, and a shopping cart system. The site offers a responsive design with sticky filter sidebars, product search, wish list, order tracking, and an account management page—delivering a premium shopping experience across desktop and mobile devices.
- 3.Resume-Builder and analyser:**(HTML, CSS, JavaScript, React, Express) [\[Repository\]](#) [\[Link\]](#)  
Developed a platform with user and admin login, offering two main features: manual resume building and analysis via user inputs, and AI-powered resume creation and automated analysis that delivers results as a percentage.

## Personal skills:

---

- Good communication skills.
- Always focused.
- Team building.
- Quick learner.

## Extra curricular activities:

---

- Served as technical coordinator, facilitating successful project delivery and streamlining technical operations for 400 team members.
- Represented the college at ISRO Space Week, engaging 1000 participants and enhancing institutional visibility through the promotion of scientific initiatives. [\[Glimpse\]](#)
