Career objective:

Web Developer with a strong foundation in front-end and back-end technologies, who developed many responsive e-commerce and portfolio web applications that increased user engagement and improved site performance. Seeking an opportunity to apply my expertise in software development and user experience design to deliver innovative web-based solutions and achieve measurable results for a forward-thinking organization.

Educational Qualifications:

Course	School/College	Board/university	Percentage/CGPA	Year of passing
10 th	I.S Marol	Karnataka school examination and assessment	88.32	2020
Pre-university course	Oriental pu college of Science	Department of pre-university education	90.66	2022
B.E	SKSVMACET	Visvesvaraya Technological University	8.11 (CGPA)*	2026

Software proficiency:

Skills: C, Java, Python, JavaScript, HTML, CSS, React, Express.

DBMS: MySQL.

Office: MS Office.

Operating System: Windows.

Certifications:

- Front end web development. [\[Click here\]](#)
- Tcs Techbytes Quiz. [\[Click here\]](#)
- Hackathon participation by hackfinity. [\[Click here\]](#)

Acheivements:

- Represented my college at the state level by participating in the Techbytes quiz competition conducted by TCS, competing against 30 teams.
- Participated in a hackathon event at TCE College, Gadag, delivering innovative project solutions and fostering effective collaboration within a 4-member team.
- Organized a college hackathon event attended by 400 participants, coordinating logistics, securing sponsorships, and achieving 40% increase in participant engagement compared to previous years.
- Conducted a workshop for juniors on web development basics, training 50 participants and improving foundational coding skills.
- Organized an inter-branch typing competition, attracting 60 participants and enhancing cross-branch collaboration.

Project Profile:

1.Gym membership platform:(HTML, CSS, JavaScript) [\[Repository\]](#) [\[Link\]](#)

Developed a professional website for "Team Fitness" that enabled users to access detailed gym information, including sections for gym overview, pricing, and additional services.

2.E-commerce Website:(HTML, CSS, JavaScript, React) [\[Repository\]](#) [\[Link\]](#)

Developed a custom e-commerce website using HTML, CSS, JavaScript, and React, featuring a login system that securely stores and reuses user credentials, and integrated all essential functionalities with user-focused design elements to replicate a popular public site.

3.Resume-Builder and analyzer:(HTML, CSS, JavaScript, React, Express) [\[Repository\]](#) [\[Link\]](#)

Developed a platform with user and admin login, offering two main features: manual resume building and analysis via user inputs, and AI-powered resume creation and automated analysis that delivers results as a percentage.

Personal skills:

- Good communication skills.
- Always focused.
- Team building.
- Quick learner.
- Ease in adapting to new things.

Extra curricular activities:

- Served as technical coordinator, facilitating successful project delivery and streamlining technical operations for 400 team members.
- Represented the college at ISRO Space Week, engaging 1000 participants and enhancing institutional visibility through the promotion of scientific initiatives. [\[Glimpse\]](#)
